

Message to all bars and restaurants in the Quesada and Rojales areas

The Costa Blanca Pool League intends resuming in September 2021 and welcomes any new Bars and Restaurants that may want to join our League, along with any existing members to please contact the League as detailed below.

This season we intend changing over from Northern Pub Rules to world rules as played by all county and national teams in the UK. Details of these rules and other league documents can be found on the League website and Facebook page.

For the benefit of new league members here are the table requirements for our league.

- Adequate lighting over the table.
- **E.P.A.** approved sets of balls are to be used, preferably a clean match set other than the regular table set. This includes either the traditional reds and yellows, or the new EPA balls with spotted white and striped, black.
- A standard seven- or eight-foot table with the seven-foot table being the preferred size.
- The match table shall be level and have a reasonable quality playing surface.
- The table shall be clearly marked with the black spot diagonally in line with the centre and corner pockets.
- The table is to be maintained in a clean and well-presented manner.
- A rest and spider must be made available.
- Every effort should be made to ensure adequate playing space is available around the table.
- On home match nights, an area must be available adjacent to the table for team viewing purposes.

Contact details are as follows.
